

(b) Registrants may perform Canadian-originating charters authorized by Annex B (III)(B) of the Agreement and any amendments, supplements, reservations or supersessions of it. Such charters may be performed only to the extent authorized by the Air Carrier Regulations of the Canadian Transport Commission applicable to operations by small aircraft.

**§ 294.86 Industrial/agricultural/other nontransport air operations prohibited.**

A registrant shall not engage in flights for the purpose of industrial or agricultural operations (e.g., crop dusting, pest control, pipeline patrol, mapping, surveying, banner towing, skywriting, aerial photography) within the United States unless it has obtained a permit from the Department under part 375 of this chapter.

**§ 294.87 Compliance with Canadian licenses.**

A registrant shall not, in the performance of operations authorized by this part, use any aircraft or conduct any operations except in accordance with the authority and conditions contained in the registrant's applicable Canadian licenses.

**§ 294.88 Northwest Ontario restriction.**

(a) Except as set forth in § 294.60 or paragraph (b) of this section, registrants shall not engage in the carriage of persons in foreign air transportation between the United States and Canada to or from a point in Ontario, west of a line drawn due north from Blind River, Ontario (46° 11' North Latitude, 82° 58' West Longitude) and extending to the border between Ontario and Manitoba, unless:

(1) The point is a resort, camp, or outpost operated by a person duly licensed for such purpose by the Government of the Province of Ontario, or the licensed base of a Canadian charter air carrier, or a Canadian Customs port of entry;

(2) The registrant is required on each flight out of the restricted area to make a stop at a Canadian Customs port of entry or at the licensed base of a Canadian charter air carrier where officers of the Ontario Ministry of Nat-

ural Resources may be available to make such inspection as they consider desirable; and

(3) The registrant has available on its aircraft for inspection by the U.S. authorities satisfactory evidence that it has complied with these conditions.

(b) The prohibition set forth in paragraph (a) of this section does not apply to flights performed for medical evacuation or similar emergencies.

(c) A registrant shall clearly notify in writing all persons who contract for the registrant's service, and are affected by the restrictions of this section, of the limitations set forth in paragraph (a) of this section.

**§ 294.89 Uplift ratio.**

Except as set forth in § 294.60, the aggregate number of all United States-originating charter flights performed by a registrant on or after May 8, 1974, shall not, at the end of any calendar quarter, exceed by more than one-third the aggregate number of all Canadian-originating charter flights performed by the registrant on or after May 8, 1974. For the purpose of making such computation, the following shall apply:

(a) A charter shall be considered to originate in the United States (or Canada) if the passengers or property are first taken on board in that country, and shall be considered as one flight whether the charter is one-way, round trip, circle tour, or open jaw, even if a separate contract is entered into for a return portion of the charter trip from Canada (or the United States).

(b) The computation shall be made separately for (1) "small aircraft" flights of persons; and (2) "small aircraft" flights of property.

(c) In the case of a lease of aircraft with crew for the performance of a charter flight on behalf and under the authority of another carrier, the flight shall be included in the computation if the registrant is the lessee, and shall not be included if the registrant is the lessor.

(d) There shall be excluded from the computation:

(1) Flights with aircraft having a maximum authorized takeoff weight on wheels (as determined by Canadian Transport Commission Regulations) not greater than 18,000 pounds; and

(2) Flights originating at a United States terminal point on a route listed in the Air Transport Services Agreement between the United States and Canada, signed January 17, 1966, as amended, or any agreement which may supersede it, or any supplementary agreement thereto which establishes obligations or privileges thereunder. These flights may be excluded from the computation only if, pursuant to any such agreement, the registrant also holds a foreign air carrier permit authorizing individually ticketed or individually waybilled service over that route, and provides some scheduled service on any route pursuant to any such agreement, and such flights serve either (i) a Canadian terminal point on such route, or (ii) any Canadian intermediate point authorized for service on the route by the foreign air carrier permit.

### Subpart A—General

#### § 296.1 Purpose.

This part establishes rules for the indirect air transportation of property. It creates a class of air carriers to provide this air transportation and grants exemptions from certain provisions of the

Subtitle VII of Title 49 of the United States Code (Transportation).

[ER-1257, 46 FR 52591, Oct. 27, 1981, as amended at 60 FR 43527, Aug. 22, 1995]

#### § 296.2 Applicability.

This part applies to air transportation of property by indirect cargo air carriers, and to persons entering into control relationships with indirect cargo air carriers.

#### § 296.3 Indirect cargo air carrier.

An indirect cargo air carrier is any U.S. citizen who undertakes to engage indirectly in air transportation of property, and uses for the whole or any part of such transportation the services of an air carrier or a foreign air carrier that directly engages in the operation of aircraft under a certificate, regulation, order, or permit issued by the Department of Transportation or the Civil Aeronautics Board, or the services of its agent, or of another indirect cargo air carrier.

[ER-1261, 46 FR 54727, Nov. 4, 1981, as amended by Docket No. 47939, 57 FR 40103, Sept. 2, 1992]

#### § 296.4 Joint loading.

Nothing in this part shall preclude joint loading, meaning the pooling of shipments and their delivery to a direct air carrier for transportation as one shipment, under an agreement between two or more indirect air carriers or foreign indirect air carriers.

#### § 296.5 Agency relationships.

An indirect cargo air carrier may act as agent of a shipper, or of a direct air carrier that has authorized such agency, rather than as an air carrier, if it expressly reserves the option to do so when the shipment is accepted.

#### § 296.6 Public disclosure of cargo liability limits and insurance.

Every indirect cargo air carrier shall give notice in writing to the shipper, when any shipment is accepted, of the existence or absence of cargo liability accident insurance, and of the limits on the extent of its liability, if any. The notice shall be clear and conspicuously included on or attached to all of its rate sheets and airwaybills.
